Database Architects

15-1243.00

Bright Outlook | Updated 2026

Design strategies for enterprise databases, data warehouse systems, and multidimensional networks. Set standards for database operations, programming, query processes, and security. Model, design, and construct large relational databases or data warehouses. Create and optimize data models for warehouse infrastructure and workflow. Integrate new systems with existing warehouse structure and refine system performance and functionality.

Sample of reported job titles: Data Architect, Data Engineer, Data Officer, Database Analyst, Database Architect, Database Consultant, Database Developer, Database Programmer, Enterprise Architect, Information Architect

Also see: Data Warehousing Specialists

Occupation-Specific Information

Tasks

Save Table: XLSX CSV

All 25 displayed

Importance	Category	Task
88	Core	Develop and document database architectures.
87	Core	Collaborate with system architects, software architects, design analysts, and others to understand business or industry requirements.
86	Core	Develop database architectural strategies at the modeling, design and implementation stages to address business or industry requirements.

Importance	Category	Task
85	Core	Design databases to support business applications, ensuring system scalability, security, performance, and reliability.
78	Core	Develop data models for applications, metadata tables, views or related database structures.
78	Core	Design database applications, such as interfaces, data transfer mechanisms, global temporary tables, data partitions, and function-based indexes to enable efficient access of the generic database structure.
76	Core	Develop methods for integrating different products so they work properly together, such as customizing commercial databases to fit specific needs.
75	Core	Create and enforce database development standards.
74	Core	Document and communicate database schemas, using accepted notations.
74	Core	Develop data model describing data elements and their use, following procedures and using pen, template or computer software.
73	Core	Work as part of a project team to coordinate database development and determine project scope and limitations.
71	Core	Identify and evaluate industry trends in database systems to serve as a source of information and advice for upper management.
71	Core	Set up database clusters, backup, or recovery processes.
69	Core	Demonstrate database technical functionality, such as performance, security and reliability.
68	Core	Develop load-balancing processes to eliminate down time for backup processes.
68	Core	Plan and install upgrades of database management system software to enhance database performance.
67	Core	Identify, evaluate and recommend hardware or software technologies to achieve desired database performance.

Importance	Category	Task
65	Core	Test programs or databases, correct errors, and make necessary modifications.
64	Core	Identify and correct deviations from database development standards.
62	Core	Review project requests describing database user needs to estimate time and cost required to accomplish project.
61	Core	Write and code logical and physical database descriptions, and specify identifiers of database to management system or direct others in coding descriptions.
56	Core	Develop or maintain archived procedures, procedural codes, or queries for applications.
55	Core	Provide technical support to junior staff or clients.
54	Core	Establish and calculate optimum values for database parameters, using manuals and calculators.
38	Supplemental	Train users and answer questions.

Occupational Requirements

Work Activities

Save Table: XLSX CSV

All 41 displayed

Importance	Work Activity
94	**Working with Computers** — Using computers and computer systems (including hardware and software) to program, write software, set up functions, enter data, or process information.
91	**Analyzing Data or Information** — Identifying the underlying principles, reasons, or facts of information by breaking down information or data into separate parts.

Importance	Work Activity
85	**Getting Information** — Observing, receiving, and otherwise obtaining information from all relevant sources.
85	**Processing Information** — Compiling, coding, categorizing, calculating, tabulating, auditing, or verifying information or data.
82	**Making Decisions and Solving Problems** — Analyzing information and evaluating results to choose the best solution and solve problems.
81	**Updating and Using Relevant Knowledge** — Keeping up-to-date technically and applying new knowledge to your job.
79	**Communicating with Supervisors, Peers, or Subordinates** — Providing information to supervisors, co-workers, and subordinates by telephone, in written form, e-mail, or in person.
78	**Identifying Objects, Actions, and Events** — Identifying information by categorizing, estimating, recognizing differences or similarities, and detecting changes in circumstances or events.
73	**Estimating the Quantifiable Characteristics of Products, Events, or Information** — Estimating sizes, distances, and quantities; or determining time, costs, resources, or materials needed to perform a work activity.
73	**Evaluating Information to Determine Compliance with Standards** — Using relevant information and individual judgment to determine whether events or processes comply with laws, regulations, or standards.
73	**Thinking Creatively** — Developing, designing, or creating new applications, ideas, relationships, systems, or products, including artistic contributions.
72	**Documenting/Recording Information** — Entering, transcribing, recording, storing, or maintaining information in written or electronic/magnetic form.
70	**Developing Objectives and Strategies** — Establishing long-range objectives and specifying the strategies and actions to achieve them.
68	**Organizing, Planning, and Prioritizing Work** — Developing specific goals and plans to prioritize, organize, and accomplish your work.
64	**Monitoring Processes, Materials, or Surroundings** — Monitoring and reviewing information from materials, events, or the environment, to detect or assess problems.

Importance	Work Activity
64	**Providing Consultation and Advice to Others** — Providing guidance and expert advice to management or other groups on technical, systems-, or process-related topics.
63	**Interpreting the Meaning of Information for Others** — Translating or explaining what information means and how it can be used.
62	**Establishing and Maintaining Interpersonal Relationships** — Developing constructive and cooperative working relationships with others, and maintaining them over time.
58	**Judging the Qualities of Objects, Services, or People** — Assessing the value, importance, or quality of things or people.
54	**Coaching and Developing Others** — Identifying the developmental needs of others and coaching, mentoring, or otherwise helping others to improve their knowledge or skills.
54	**Developing and Building Teams** — Encouraging and building mutual trust, respect, and cooperation among team members.
54	**Training and Teaching Others** — Identifying the educational needs of others, developing formal educational or training programs or classes, and teaching or instructing others.
53	**Coordinating the Work and Activities of Others** — Getting members of a group to work together to accomplish tasks.
51	**Communicating with People Outside the Organization** — Communicating with people outside the organization, representing the organization to customers, the public, government, and other external sources. This information can be exchanged in person, in writing, or by telephone or e-mail.
51	**Guiding, Directing, and Motivating Subordinates** — Providing guidance and direction to subordinates, including setting performance standards and monitoring performance.
51	**Scheduling Work and Activities** — Scheduling events, programs, and activities, as well as the work of others.
49	**Resolving Conflicts and Negotiating with Others** — Handling complaints, settling disputes, and resolving grievances and conflicts, or otherwise negotiating with others.

Importance	Work Activity
36	**Performing Administrative Activities** — Performing day-to-day administrative tasks such as maintaining information files and processing paperwork.
35	**Drafting, Laying Out, and Specifying Technical Devices, Parts, and Equipment** — Providing documentation, detailed instructions, drawings, or specifications to tell others about how devices, parts, equipment, or structures are to be fabricated, constructed, assembled, modified, maintained, or used.
35	**Inspecting Equipment, Structures, or Materials** — Inspecting equipment, structures, or materials to identify the cause of errors or other problems or defects.
32	**Selling or Influencing Others** — Convincing others to buy merchandise/goods or to otherwise change their minds or actions.
31	**Staffing Organizational Units** — Recruiting, interviewing, selecting, hiring, and promoting employees in an organization.
30	**Monitoring and Controlling Resources** — Monitoring and controlling resources and overseeing the spending of money.
29	**Assisting and Caring for Others** — Providing personal assistance, medical attention, emotional support, or other personal care to others such as coworkers, customers, or patients.
14	**Performing for or Working Directly with the Public** — Performing for people or dealing directly with the public. This includes serving customers in restaurants and stores, and receiving clients or guests.
13	**Controlling Machines and Processes** — Using either control mechanisms or direct physical activity to operate machines or processes (not including computers or vehicles).
12	**Repairing and Maintaining Electronic Equipment** — Servicing, repairing, calibrating, regulating, fine-tuning, or testing machines, devices, and equipment that operate primarily on the basis of electrical or electronic (not mechanical) principles.
5	**Handling and Moving Objects** — Using hands and arms in handling, installing, positioning, and moving materials, and manipulating things.
5	**Performing General Physical Activities** — Performing general physical activities includes doing activities that require considerable use of your arms and legs and

Importance	Work Activity
	moving your whole body, such as climbing, lifting, balancing, walking, stooping, and handling materials.
1	**Repairing and Maintaining Mechanical Equipment** — Servicing, repairing, adjusting, and testing machines, devices, moving parts, and equipment that operate primarily on the basis of mechanical (not electronic) principles.
0	**Operating Vehicles, Mechanized Devices, or Equipment** — Running, maneuvering, navigating, or driving vehicles or mechanized equipment, such as forklifts, passenger vehicles, aircraft, or watercraft.

Detailed Work Activities

Save Table: XLSX CSV

All 25 displayed

- Create databases to store electronic data.
- Document technical specifications or requirements.
- Collaborate with others to determine design specifications or details.
- Develop procedures for data management.
- Develop database parameters or specifications.
- Develop models of information or communications systems.
- Design computer modeling or simulation programs.
- Develop guidelines for system implementation.
- Develop performance metrics or standards related to information technology.
- Communicate project information to others.
- Document design or development procedures.
- Coordinate project activities with other personnel or departments.
- Analyze data to identify trends or relationships among variables.
- Analyze market or customer related data.
- Assess database performance.
- Create electronic data backup to prevent loss of information.
- Install computer software.
- Evaluate utility of software or hardware technologies.
- Provide recommendations to others about computer hardware.
- Modify software programs to improve performance.
- Resolve computer software problems.
- Estimate time or monetary resources needed to complete projects.

- Write computer programming code.
- Provide technical support for software maintenance or use.
- Train others in computer interface or software use.

Work Context

Save Table: XLSX CSV

All 57 displayed

- **E-Mail** — How frequently does your job require you to use E-mail?
  - 95% Every day
- **Spend Time Sitting** — How much does this job require sitting?
  - 81% Continually or almost continually
  - 19% More than half the time
- **Telephone Conversations** — How often do you have telephone conversations in this job?
  - 48% Every day
  - 48% Once a week or more but not every day
- **Face-to-Face Discussions with Individuals and Within Teams** — How frequently does your job require face-to-face discussions with individuals and within teams?
  - 43% Every day
  - 48% Once a week or more but not every day
- **Freedom to Make Decisions** — How much decision making freedom, without supervision, does the job offer?
  - 29% A lot of freedom
  - 62% Some freedom
- **Importance of Being Exact or Accurate** — How important is being very exact or highly accurate in performing this job?
  - 48% Extremely important
  - 33% Very important
- **Work With or Contribute to a Work Group or Team** — How important is it to work with or contribute to a work group or team in this job?
  - 48% Extremely important
  - 29% Very important
  - 19% Important

- **Indoors, Environmentally Controlled** — How often does this job require working indoors in an environmentally controlled environment (like a warehouse with air conditioning)?
  - 65% Every day
  - 15% Once a week or more but not every day
  - 15% Never
- **Determine Tasks, Priorities and Goals** — How much freedom does the worker have in determining the tasks, priorities, or goals of the job?
  - 29% A lot of freedom
  - 52% Some freedom
  - 19% Limited freedom
- **Duration of Typical Work Week** — Number of hours typically worked in one week.
  - 43% More than 40 hours
  - 57% 40 hours
- **Contact With Others** — How much does this job require the worker to be in contact with others (face-to-face, by telephone, or otherwise) in order to perform it?
  - 24% Constant contact with others
  - 48% Contact with others most of the time
  - 14% Contact with others about half the time
  - 14% Occasional contact with others
- **Impact of Decisions on Co-workers or Company Results** — What results do your decisions usually have on other people or the image or reputation or financial resources of your employer?
  - 29% Very important results
  - 33% Important results
  - 29% Moderate results
- **Level of Competition** — To what extent does this job require the worker to compete or to be aware of competitive pressures?
  - 19% Extremely competitive
  - 48% Highly competitive
  - 29% Moderately competitive
- **Coordinate or Lead Others in Accomplishing Work Activities** — How important is it to coordinate or lead others (not as a supervisor or team leader) in accomplishing work activities in this job?
  - 62% Very important
  - 14% Important
  - 14% Fairly important
- **Time Pressure** — How often does this job require the worker to meet strict deadlines?

52% Once a week or more but not every day

29% Once a month or more but not every week

Importance of Repeating Same Tasks — How important are continuous, repetitive, physical activities (like key entry) or mental activities (like checking entries in a ledger) to performing this job?

33% Extremely important

24% Very important

19% Important

19% Not important at all

Written Letters and Memos — How frequently does your job require written letters and memos?

19% Every day

33% Once a week or more but not every day

19% Once a month or more but not every week

19% Once a year or more but not every month

Consequence of Error — How serious would the result usually be if the worker made a mistake that was not easily correctable?

29% Very serious

43% Serious

14% Fairly serious

Frequency of Decision Making — How often is the worker required to make decisions that affect other people, the financial resources, and/or the image and reputation of the organization?

19% Every day

14% Once a week or more but not every day

29% Once a month or more but not every week

38% Once a year or more but not every month

Work Outcomes and Results of Other Workers — How responsible is the worker for work outcomes and results of other workers?

24% High responsibility

52% Moderate responsibility

19% Limited responsibility

Conflict Situations — How frequently are there conflict situations the employee has to face in this job?

33% Once a week or more but not every day

29% Once a month or more but not every week

33% Once a year or more but not every month

Spend Time Using Your Hands to Handle, Control, or Feel Objects, Tools, or Controls — How much does this job require using your hands to handle, control, or feel objects, tools or controls?

33% Continually or almost continually

48% Never

Degree of Automation — How automated is the job?

14% Highly automated

38% Moderately automated

29% Slightly automated

14% Not at all automated

Physical Proximity — To what extent does this job require the worker to perform job tasks physically close to other people?

62% Slightly close (e.g., shared office)

29% I work with others but not closely (e.g., private office)

Public Speaking — How frequently does your job require public speaking (one speaker with an audience)?

14% Once a month or more but not every week

67% Once a year or more but not every month

Deal With External Customers or the Public in General — How important is it to deal with external customers (as in retail sales) or the public in general (as in police work) in this job?

19% Important

48% Fairly important

19% Not important at all

Spend Time Making Repetitive Motions — How much does this job require making repetitive motions?

19% More than half the time

19% Less than half the time

43% Never

Dealing With Unpleasant, Angry, or Discourteous People — How frequently does the worker have to deal with unpleasant, angry, or discourteous individuals as part of the job requirements?

14% Once a week or more but not every day

24% Once a month or more but not every week

33% Once a year or more but not every month

29% Never

Health and Safety of Other Workers — How much responsibility is there for the health and safety of others in this job?

14% Moderate responsibility

14% Limited responsibility

57% No responsibility

- **Spend Time Standing** — How much does this job require standing?
  - 81% Less than half the time
  - 14% Never
- **Exposed to Sounds, Noise Levels that are Distracting or Uncomfortable** — How often does this job require working exposed to sounds and noise levels that are distracting or uncomfortable?
  - 14% Once a month or more but not every week
  - 33% Once a year or more but not every month
  - 48% Never
- **Work Schedules** — How regular are the work schedules for this job?
  - 19% Irregular (changes with weather conditions, production demands, or contract duration)
  - 81% Regular (established routine, set schedule)
- **Pace Determined by Speed of Equipment** — How important is it to this job that the pace is determined by the speed of equipment or machinery? (This does not refer to keeping busy at all times on this job.)
  - 86% Not important at all
- **Spend Time Walking or Running** — How much does this job require walking or running?
  - 33% Less than half the time
  - 67% Never
- **Indoors, Not Environmentally Controlled** — How often does this job require working in an environment that is not environmentally controlled (like a warehouse without air conditioning)?
  - 14% Once a year or more but not every month
  - 81% Never
- **Exposed to Contaminants** — How often does this job require working exposed to contaminants (such as pollutants, gases, dust or odors)?
  - 86% Never
- **Dealing with Violent or Physically Aggressive People** — How frequently does this job require the worker to deal with physical aggression of violent individuals?
  - 14% Once a year or more but not every month
  - 86% Never
- **Exposed to Extremely Bright or Inadequate Lighting Conditions** — How often does this job require working in extremely bright or inadequate lighting conditions?
  - 90% Never
- **Exposed to Cramped Work Space, Awkward Positions** — How often does this job require working in cramped work spaces that requires getting into awkward positions?
  - 95% Never
- **Outdoors, Exposed to All Weather Conditions** — How often does this job require working outdoors, exposed to all weather conditions?

90% Never

- **Spend Time Bending or Twisting Your Body** — How much does this job require bending or twisting your body?

  95% Never

- **Exposed to Disease or Infections** — How often does this job require exposure to disease/infections?

  95% Never

- **Exposed to Hazardous Conditions** — How often does this job require exposure to hazardous conditions?

  95% Never

- **Exposed to Hazardous Equipment** — How often does this job require exposure to hazardous equipment?

  95% Never

- **Exposed to Minor Burns, Cuts, Bites, or Stings** — How often does this job require exposure to minor burns, cuts, bites, or stings?

  95% Never

- **Exposed to Very Hot or Cold Temperatures** — How often does this job require working in very hot (above 90 F degrees) or very cold (below 32 F degrees) temperatures?

  95% Never

- **In an Enclosed Vehicle or Operate Enclosed Equipment** — How often does this job require working in a closed vehicle or operate enclosed equipment (like a car)?

  95% Never

- **Outdoors, Under Cover** — How often does this job require working outdoors, under cover (like in an open shed)?

  95% Never

- **Spend Time Kneeling, Crouching, Stooping, or Crawling** — How much does this job require kneeling, crouching, stooping or crawling?

  95% Never

- **Wear Common Protective or Safety Equipment such as Safety Shoes, Glasses, Gloves, Hearing Protection, Hard Hats, or Life Jackets** — How often does this job require wearing common protective or safety equipment such as safety shoes, glasses, gloves, hearing protection, hard hats or life-jackets?

  95% Never

- **Exposed to High Places** — How often does this job require exposure to high places?

  100% Never

- **Exposed to Radiation** — How often does this job require exposure to radiation?

  100% Never

- **Exposed to Whole Body Vibration** — How often does this job require exposure to whole body vibration (like operating a jackhammer or earth moving equipment)?

  100% Never

- **In an Open Vehicle or Operating Equipment** — How often does this job require working in an open vehicle or operating equipment (like a tractor)?

  100% Never

- **Spend Time Climbing Ladders, Scaffolds, or Poles** — How much does this job require climbing ladders, scaffolds, poles, etc.?

  100% Never

- **Spend Time Keeping or Regaining Balance** — How much does this job require keeping or regaining your balance?

  100% Never

- **Wear Specialized Protective or Safety Equipment such as Breathing Apparatus, Safety Harness, Full Protection Suits, or Radiation Protection** — How often does this job require wearing specialized protective or safety equipment such as breathing apparatus, safety harness, full protection suits, or radiation protection?

  100% Never

Experience Requirements

Job Zone

Save Table: XLSX CSV

Title	Job Zone Four: Considerable Preparation Needed
Education	Most of these occupations require a four-year bachelor's degree, but some do not.
Related Experience	A considerable amount of work-related skill, knowledge, or experience is needed for these occupations. For example, an accountant must complete four years of college and work for several years in accounting to be considered qualified.
Job Training	Employees in these occupations usually need several years of work-related experience, on-the-job training, and/or vocational training.
Job Zone Examples	Many of these occupations involve coordinating, supervising, managing, or training others. Examples include real estate brokers, sales managers, database administrators, graphic designers, conservation scientists, art directors, and cost estimators.
SVP Range	(7.0 to < 8.0)

Software Skills

Save Table: XLSX CSV

All 59 displayed

- **Access software** — Access management software; Citrix cloud computing software
- **Administration software** — Redgate SQL Server
- **Analytical or scientific software** — IBM SPSS Statistics; Minitab; SAS; The MathWorks MATLAB; 4 more
- **Application server software** — Docker; GitHub; Red Hat OpenShift; Spring Boot; 3 more
- **Backup or archival software** — Data Recovery Software SQL Server Data Recovery; EMC NetWorker; Oracle Recovery Manager; Veritas NetBackup; 8 more
- **Business intelligence and data analysis software** — IBM Cognos Impromptu; Micosoft SQL Server Analysis Services SSAS; Microsoft Power BI; Tableau; 3 more
- **Cloud-based data access and sharing software** — Google Drive

- **Cloud-based management software** — Amazon Web Services AWS CloudFormation; IBM WebSphere; Jitterbit; Splunk Enterprise
- **Cloud-based protection or security software** — SolarWinds
- **Clustering software** — Cluster server software; Oracle Real Application Cluster RAC; VMware
- **Communications server software** — IBM Domino
- **Computer aided design CAD software** — Autodesk Revit
- **Configuration management software** — Chef; Perforce Helix software; Puppet; Red Hat Ansible Engine; 1 more
- **Content workflow software** — Atlassian JIRA
- **Customer relationship management CRM software** — Blackbaud The Raiser's Edge; Oracle Eloqua; Salesforce software
- **Data base management system software** — Amazon DynamoDB; Elasticsearch; MongoDB; Oracle PL/SQL; 43 more
- **Data base reporting software** — Microsoft SQL Server Reporting Services SSRS; Oracle Reports; Oracle SQL Plus; SAP Crystal Reports; 3 more
- **Data base user interface and query software** — Apache Hive; Blackboard software; IBM DB2; Transact-SQL; 11 more
- **Data mining software** — Google Analytics; IBM InfoSphere Warehouse; Rapid-I RapidMiner; Snowflake
- **Desktop communications software** — Skype
- **Desktop publishing software** — Microsoft Publisher
- **Development environment software** — Apache Kafka; Apache Maven; Go; Oracle SQL Developer; 19 more
- **Document management software** — Adobe Acrobat; IBM Content Manager; Microsoft SharePoint
- **Electronic mail software** — IBM Notes; Microsoft Exchange; Microsoft Outlook
- **Enterprise application integration software** — Extensible markup language XML; IBM InfoSphere DataStage; Microsoft SQL Server Integration Services SSIS; SAS Data Integration Studio; 6 more
- **Enterprise resource planning ERP software** — Ellucian Banner ERP; Microsoft Dynamics; Oracle PeopleSoft; SAP software; 9 more
- **Enterprise system management software** — IBM Power Systems software
- **Expert system software** — Ansible software; Apache Mahout
- **File versioning software** — Apache Subversion SVN; Git
- **Geographic information system** — ESRI ArcGIS software; Geographic information system GIS software
- **Information retrieval or search software** — Apache Avro; Data validation software; LexisNexis
- **Manufacturing execution system MES software** — CA Easytrieve Report Generator
- **Medical software** — Epic Systems
- **Metadata management software** — Informatica software; Quest Erwin Data Modeler; SAP PowerDesigner; Talend Data Fabric; 16 more
- **Multi-media educational software** — Nearpod

- **Network conferencing software** — LogMeIn GoToWebinar
- **Network monitoring software** — Nagios; Wireshark; Zabbix
- **Network security and virtual private network VPN equipment software** — Virtual private networking VPN software
- **Network security or virtual private network VPN management software** — Database security software
- **Object or component oriented development software** — Apache Spark; jQuery; Scala; Swift; 13 more
- **Object oriented data base management software** — Hibernate ORM; IBM Informix; Object database management system ODBMS; PostgreSQL
- **Office suite software** — Microsoft Office software
- **Operating system software** — Bash; Microsoft Windows Server; Red Hat Enterprise Linux; UNIX Shell; 15 more
- **Portal server software** — Apache HTTP Server
- **Presentation software** — Microsoft PowerPoint
- **Procedure management software** — Apache Airflow
- **Process mapping and design software** — Microsoft Visio; Visual Paradigm DB Visual ARCHITECT
- **Program testing software** — Database testing software; Hewlett Packard LoadRunner; JUnit; Selenium; 1 more
- **Project management software** — Atlassian Confluence; Microsoft Project; Oracle Primavera Enterprise Project Portfolio Management
- **Requirements analysis and system architecture software** — Database capacity planning software; Unified modeling language UML
- **Spreadsheet software** — Microsoft Excel
- **Storage media loading software** — Intel Data Migration Software
- **Storage networking software** — Amazon Simple Storage Service S3; Storage area network SAN software
- **Transaction security and virus protection software** — Encryption software; McAfee; NortonLifeLock cybersecurity software
- **Transaction server software** — Customer information control system CICS
- **Video conferencing software** — Cisco Webex; Google Meet; LogMeIn GoToMeeting
- **Web page creation and editing software** — Adobe Dreamweaver; Google Sites
- **Web platform development software** — Django; Google Angular; React; Spring Framework; 23 more
- **Word processing software** — 3M Post-it App; Google Docs; Microsoft Word

Essential Skills

Save Table: XLSX CSV

All 10 displayed

Importance	Essential Skill
72	**Critical Thinking** — Using logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions, or approaches to problems.
72	**Reading Comprehension** — Understanding written sentences and paragraphs in work-related documents.
63	**Active Listening** — Giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate times.
63	**Speaking** — Talking to others to convey information effectively.
56	**Active Learning** — Understanding the implications of new information for both current and future problem-solving and decision-making.
53	**Monitoring** — Monitoring/Assessing performance of yourself, other individuals, or organizations to make improvements or take corrective action.
53	**Writing** — Communicating effectively in writing as appropriate for the needs of the audience.
50	**Mathematics** — Using mathematics to solve problems.
47	**Learning Strategies** — Selecting and using training/instructional methods and procedures appropriate for the situation when learning or teaching new things.
22	**Science** — Using scientific rules and methods to solve problems.

Transferable Skills

Save Table: XLSX CSV

All 25 displayed

Importance	Transferable Skill
72	**Complex Problem Solving** — Identifying complex problems and reviewing related information to develop and evaluate options and implement solutions.
72	**Judgment and Decision Making** — Considering the relative costs and benefits of potential actions to choose the most appropriate one.
69	**Systems Analysis** — Determining how a system should work and how changes in conditions, operations, and the environment will affect outcomes.
60	**Programming** — Writing computer programs for various purposes.
56	**Systems Evaluation** — Identifying measures or indicators of system performance and the actions needed to improve or correct performance, relative to the goals of the system.
53	**Operations Analysis** — Analyzing needs and product requirements to create a design.
50	**Coordination** — Adjusting actions in relation to others' actions.
50	**Service Orientation** — Actively looking for ways to help people.
50	**Social Perceptiveness** — Being aware of others' reactions and understanding why they react as they do.
50	**Technology Design** — Generating or adapting equipment and technology to serve user needs.
50	**Time Management** — Managing one's own time and the time of others.
47	**Instructing** — Teaching others how to do something.
47	**Persuasion** — Persuading others to change their minds or behavior.
41	**Negotiation** — Bringing others together and trying to reconcile differences.
38	**Management of Personnel Resources** — Motivating, developing, and directing people as they work, identifying the best people for the job.
28	**Operations Monitoring** — Watching gauges, dials, or other indicators to make sure a machine is working properly.
25	**Management of Financial Resources** — Determining how money will be spent to get the work done, and accounting for these expenditures.

Importance	Transferable Skill
25	**Management of Material Resources** — Obtaining and seeing to the appropriate use of equipment, facilities, and materials needed to do certain work.
25	**Quality Control Analysis** — Conducting tests and inspections of products, services, or processes to evaluate quality or performance.
22	**Troubleshooting** — Determining causes of operating errors and deciding what to do about it.
19	**Operation and Control** — Controlling operations of equipment or systems.
16	**Equipment Selection** — Determining the kind of tools and equipment needed to do a job.
16	**Installation** — Installing equipment, machines, wiring, or programs to meet specifications.
3	**Equipment Maintenance** — Performing routine maintenance on equipment and determining when and what kind of maintenance is needed.
3	**Repairing** — Repairing machines or systems using the needed tools.

All 33 displayed

Importance	Knowledge
83	**Computers and Electronics** — Knowledge of circuit boards, processors, chips, electronic equipment, and computer hardware and software, including applications and programming.
74	**Engineering and Technology** — Knowledge of the practical application of engineering science and technology. This includes applying principles, techniques, procedures, and equipment to the design and production of various goods and services.
68	**Design** — Knowledge of design techniques, tools, and principles involved in production of precision technical plans, blueprints, drawings, and models.

Importance	Knowledge
67	**Mathematics** — Knowledge of arithmetic, algebra, geometry, calculus, statistics, and their applications.
54	**English Language** — Knowledge of the structure and content of the English language including the meaning and spelling of words, and rules of composition and grammar.
47	**Administration and Management** — Knowledge of business and management principles involved in strategic planning, resource allocation, human resources modeling, leadership technique, production methods, and coordination of people and resources.
41	**Education and Training** — Knowledge of principles and methods for curriculum and training design, teaching and instruction for individuals and groups, and the measurement of training effects.
33	**Customer and Personal Service** — Knowledge of principles and processes for providing customer and personal services. This includes customer needs assessment, meeting quality standards for services, and evaluation of customer satisfaction.
31	**Law and Government** — Knowledge of laws, legal codes, court procedures, precedents, government regulations, executive orders, agency rules, and the democratic political process.
26	**Telecommunications** — Knowledge of transmission, broadcasting, switching, control, and operation of telecommunications systems.
25	**Communications and Media** — Knowledge of media production, communication, and dissemination techniques and methods. This includes alternative ways to inform and entertain via written, oral, and visual media.
25	**Production and Processing** — Knowledge of raw materials, production processes, quality control, costs, and other techniques for maximizing the effective manufacture and distribution of goods.
24	**Public Safety and Security** — Knowledge of relevant equipment, policies, procedures, and strategies to promote effective local, state, or national security operations for the protection of people, data, property, and institutions.
22	**Economics and Accounting** — Knowledge of economic and accounting principles and practices, the financial markets, banking, and the analysis and reporting of financial data.

Importance	Knowledge
20	**Administrative** — Knowledge of administrative and office procedures and systems such as word processing, managing files and records, stenography and transcription, designing forms, and workplace terminology.
19	**Personnel and Human Resources** — Knowledge of principles and procedures for personnel recruitment, selection, training, compensation and benefits, labor relations and negotiation, and personnel information systems.
17	**Psychology** — Knowledge of human behavior and performance; individual differences in ability, personality, and interests; learning and motivation; psychological research methods; and the assessment and treatment of behavioral and affective disorders.
16	**Geography** — Knowledge of principles and methods for describing the features of land, sea, and air masses, including their physical characteristics, locations, interrelationships, and distribution of plant, animal, and human life.
16	**Sales and Marketing** — Knowledge of principles and methods for showing, promoting, and selling products or services. This includes marketing strategy and tactics, product demonstration, sales techniques, and sales control systems.
10	**Foreign Language** — Knowledge of the structure and content of a foreign (non-English) language including the meaning and spelling of words, rules of composition and grammar, and pronunciation.
8	**Sociology and Anthropology** — Knowledge of group behavior and dynamics, societal trends and influences, human migrations, ethnicity, cultures, and their history and origins.
6	**Physics** — Knowledge and prediction of physical principles, laws, their interrelationships, and applications to understanding fluid, material, and atmospheric dynamics, and mechanical, electrical, atomic and sub-atomic structures and processes.
6	**Transportation** — Knowledge of principles and methods for moving people or goods by air, rail, sea, or road, including the relative costs and benefits.
5	**Chemistry** — Knowledge of the chemical composition, structure, and properties of substances and of the chemical processes and transformations that they undergo. This includes uses of chemicals and their interactions, danger signs, production techniques, and disposal methods.
5	**Mechanical** — Knowledge of machines and tools, including their designs, uses, repair, and maintenance.

Importance	Knowledge
4	**Fine Arts** — Knowledge of the theory and techniques required to compose, produce, and perform works of music, dance, visual arts, drama, and sculpture.
4	**History and Archeology** — Knowledge of historical events and their causes, indicators, and effects on civilizations and cultures.
4	**Medicine and Dentistry** — Knowledge of the information and techniques needed to diagnose and treat human injuries, diseases, and deformities. This includes symptoms, treatment alternatives, drug properties and interactions, and preventive health-care measures.
4	**Therapy and Counseling** — Knowledge of principles, methods, and procedures for diagnosis, treatment, and rehabilitation of physical and mental dysfunctions, and for career counseling and guidance.
3	**Biology** — Knowledge of plant and animal organisms, their tissues, cells, functions, interdependencies, and interactions with each other and the environment.
3	**Building and Construction** — Knowledge of materials, methods, and the tools involved in the construction or repair of houses, buildings, or other structures such as highways and roads.
3	**Philosophy and Theology** — Knowledge of different philosophical systems and religions. This includes their basic principles, values, ethics, ways of thinking, customs, practices, and their impact on human culture.
1	**Food Production** — Knowledge of techniques and equipment for planting, growing, and harvesting food products (both plant and animal) for consumption, including storage/handling techniques.

Education

How much education does a new hire need to perform a job in this occupation? Respondents said:

76%	Bachelor's degree required
14%	Master's degree required
5%	Post-secondary certificate required

Worker Characteristics

Abilities

Save Table: XLSX CSV

All 52 displayed

Importance	Ability
72	**Deductive Reasoning** — The ability to apply general rules to specific problems to produce answers that make sense.
72	**Oral Comprehension** — The ability to listen to and understand information and ideas presented through spoken words and sentences.
72	**Written Comprehension** — The ability to read and understand information and ideas presented in writing.
69	**Inductive Reasoning** — The ability to combine pieces of information to form general rules or conclusions (includes finding a relationship among seemingly unrelated events).
69	**Information Ordering** — The ability to arrange things or actions in a certain order or pattern according to a specific rule or set of rules (e.g., patterns of numbers, letters, words, pictures, mathematical operations).
69	**Oral Expression** — The ability to communicate information and ideas in speaking so others will understand.
69	**Problem Sensitivity** — The ability to tell when something is wrong or is likely to go wrong. It does not involve solving the problem, only recognizing that there is a problem.
66	**Near Vision** — The ability to see details at close range (within a few feet of the observer).
66	**Speech Clarity** — The ability to speak clearly so others can understand you.
60	**Category Flexibility** — The ability to generate or use different sets of rules for combining or grouping things in different ways.
56	**Flexibility of Closure** — The ability to identify or detect a known pattern (a figure, object, word, or sound) that is hidden in other distracting material.
56	**Fluency of Ideas** — The ability to come up with a number of ideas about a topic (the number of ideas is important, not their quality, correctness, or creativity).

Importance	Ability
56	**Selective Attention** — The ability to concentrate on a task over a period of time without being distracted.
56	**Written Expression** — The ability to communicate information and ideas in writing so others will understand.
53	**Mathematical Reasoning** — The ability to choose the right mathematical methods or formulas to solve a problem.
53	**Number Facility** — The ability to add, subtract, multiply, or divide quickly and correctly.
53	**Perceptual Speed** — The ability to quickly and accurately compare similarities and differences among sets of letters, numbers, objects, pictures, or patterns. The things to be compared may be presented at the same time or one after the other. This ability also includes comparing a presented object with a remembered object.
50	**Originality** — The ability to come up with unusual or clever ideas about a given topic or situation, or to develop creative ways to solve a problem.
50	**Speech Recognition** — The ability to identify and understand the speech of another person.
47	**Visualization** — The ability to imagine how something will look after it is moved around or when its parts are moved or rearranged.
44	**Speed of Closure** — The ability to quickly make sense of, combine, and organize information into meaningful patterns.
38	**Memorization** — The ability to remember information such as words, numbers, pictures, and procedures.
35	**Far Vision** — The ability to see details at a distance.
25	**Auditory Attention** — The ability to focus on a single source of sound in the presence of other distracting sounds.
25	**Depth Perception** — The ability to judge which of several objects is closer or farther away from you, or to judge the distance between you and an object.
25	**Hearing Sensitivity** — The ability to detect or tell the differences between sounds that vary in pitch and loudness.

Importance	Ability
25	**Time Sharing** — The ability to shift back and forth between two or more activities or sources of information (such as speech, sounds, touch, or other sources).
25	**Visual Color Discrimination** — The ability to match or detect differences between colors, including shades of color and brightness.
22	**Arm-Hand Steadiness** — The ability to keep your hand and arm steady while moving your arm or while holding your arm and hand in one position.
22	**Control Precision** — The ability to quickly and repeatedly adjust the controls of a machine or a vehicle to exact positions.
22	**Finger Dexterity** — The ability to make precisely coordinated movements of the fingers of one or both hands to grasp, manipulate, or assemble very small objects.
22	**Manual Dexterity** — The ability to quickly move your hand, your hand together with your arm, or your two hands to grasp, manipulate, or assemble objects.
22	**Trunk Strength** — The ability to use your abdominal and lower back muscles to support part of the body repeatedly or continuously over time without "giving out" or fatiguing.
22	**Wrist-Finger Speed** — The ability to make fast, simple, repeated movements of the fingers, hands, and wrists.
6	**Dynamic Strength** — The ability to exert muscle force repeatedly or continuously over time. This involves muscular endurance and resistance to muscle fatigue.
0	**Dynamic Flexibility** — The ability to quickly and repeatedly bend, stretch, twist, or reach out with your body, arms, and/or legs.
0	**Explosive Strength** — The ability to use short bursts of muscle force to propel oneself (as in jumping or sprinting), or to throw an object.
0	**Extent Flexibility** — The ability to bend, stretch, twist, or reach with your body, arms, and/or legs.
0	**Glare Sensitivity** — The ability to see objects in the presence of a glare or bright lighting.

Importance	Ability
0	**Gross Body Coordination** — The ability to coordinate the movement of your arms, legs, and torso together when the whole body is in motion.
0	**Gross Body Equilibrium** — The ability to keep or regain your body balance or stay upright when in an unstable position.
0	**Multilimb Coordination** — The ability to coordinate two or more limbs (for example, two arms, two legs, or one leg and one arm) while sitting, standing, or lying down. It does not involve performing the activities while the whole body is in motion.
0	**Night Vision** — The ability to see under low-light conditions.
0	**Peripheral Vision** — The ability to see objects or movement of objects to one's side when the eyes are looking ahead.
0	**Rate Control** — The ability to time your movements or the movement of a piece of equipment in anticipation of changes in the speed and/or direction of a moving object or scene.
0	**Reaction Time** — The ability to quickly respond (with the hand, finger, or foot) to a signal (sound, light, picture) when it appears.
0	**Response Orientation** — The ability to choose quickly between two or more movements in response to two or more different signals (lights, sounds, pictures). It includes the speed with which the correct response is started with the hand, foot, or other body part.
0	**Sound Localization** — The ability to tell the direction from which a sound originated.
0	**Spatial Orientation** — The ability to know your location in relation to the environment or to know where other objects are in relation to you.
0	**Speed of Limb Movement** — The ability to quickly move the arms and legs.
0	**Stamina** — The ability to exert yourself physically over long periods of time without getting winded or out of breath.
0	**Static Strength** — The ability to exert maximum muscle force to lift, push, pull, or carry objects.

Career Interest Types

Save Table: XLSX CSV

All 6 displayed

Occupational Interest	Career Interest Type
85	**Conventional** — Work involves following procedures and regulations to organize information or data, typically in a business setting. Conventional occupations are often associated with office work, accounting, mathematics/statistics, information technology, finance, or human resources.
77	**Investigative** — Work involves studying and researching non-living objects, living organisms, disease or other forms of impairment, or human behavior. Investigative occupations are often associated with physical, life, medical, or social sciences, and can be found in the fields of humanities, mathematics/statistics, information technology, or health care service.
28	**Enterprising** — Work involves managing, negotiating, marketing, or selling, typically in a business setting, or leading or advising people in political and legal situations. Enterprising occupations are often associated with business initiatives, sales, marketing/advertising, finance, management/administration, professional advising, public speaking, politics, or law.
27	**Realistic** — Work involves designing, building, or repairing of equipment, materials, or structures, engaging in physical activity, or working outdoors. Realistic occupations are often associated with engineering, mechanics and electronics, construction, woodworking, transportation, machine operation, agriculture, animal services, physical or manual labor, athletics, or protective services.
19	**Artistic** — Work involves creating original visual artwork, performances, written works, food, or music for a variety of media, or applying artistic principles to the design of various objects and materials. Artistic occupations are often associated with visual arts, applied arts and design, performing arts, music, creative writing, media, or culinary art.
15	**Social** — Work involves helping, teaching, advising, assisting, or providing service to others. Social occupations are often associated with social, health care, personal service, teaching/education, or religious activities.

Specific Interest Areas

Save Table: XLSX CSV

All 41 displayed

Occupational Interest	Specific Interest Area
94	**Information Technology** — Work involves designing, developing, testing, and maintaining computer software, hardware, networks, and systems.
50	**Mathematics/Statistics** — Work involves developing and applying mathematics and statistical theory and methods.
30	**Management/Administration** — Work involves planning, directing, or coordinating the daily operations of an organization, and overseeing personnel, business, or administrative services.
20	**Engineering** — Work involves applying science and technology to the design, building, testing, and use of electrical and electronic components, mechanical devices and machines, automotive, marine, and aerospace equipment and vehicles, materials, or structures.
17	**Accounting** — Work involves examining, analyzing, and interpreting accounting records for financial statements, or maintaining, auditing, or evaluating records and accounts.
11	**Business Initiatives** — Work involves creating strategic plans or taking actions to expand an organization's business or market share.
10	**Office Work** — Work involves clerical and administrative tasks for an organization such as answering phones, bookkeeping, updating records, scheduling appointments or meetings, and editing of documents and files.
8	**Finance** — Work involves directing and managing financial activities, such as planning and investments for an individual or organization to generate income.
7	**Mechanics/Electronics** — Work involves maintaining and repairing of machinery, such as automotive engines, electronic equipment, computers, and communication systems.
7	**Public Speaking** — Work involves speaking before an audience to educate, entertain, or influence the listeners.

Occupational Interest	Specific Interest Area
6	**Physical Science** — Work involves studying and researching non-living objects, materials, and phenomena through scientific disciplines such as physics, chemistry, astronomy, meteorology, or geology.
6	**Teaching/Education** — Work involves teaching through lectures, discussions, and demonstrations in one or more subjects.
5	**Human Resources** — Work involves recruiting, selecting, and training job applicants, maintaining employee personnel records, administering compensation and employee-benefit programs, and conducting employee performance reviews.
3	**Health Care Service** — Work involves providing health care services to individuals to include the diagnosis, prevention, or treatment of diseases and other forms of illness or impairment.
3	**Life Science** — Work involves studying and researching living organisms through scientific disciplines such as biology, botany, zoology, microbiology, physiology, biochemistry, or zoology.
2	**Applied Arts and Design** — Work involves applying artistic principles to the design and creation of various objects and materials.
2	**Creative Writing** — Work involves developing creative written works, such as novels, scripts, song lyrics, poetry, stories, or advertisements.
2	**Law** — Work involves studying and applying legal knowledge.
2	**Marketing/Advertising** — Work involves promoting or creating a public image for products, services, or organizations to attract interest, engagement, or sales.
2	**Media** — Work involves producing, developing, writing, directing, or presenting information through print, radio, television, or digital media.
2	**Medical Science** — Work involves studying and researching the causes, nature, effects, and treatments of disease or other forms of impairment or illness.
2	**Personal Service** — Work involves providing personal services to individuals in need of non-medical assistance such as helping arrange or plan for travel, meals, or events.
2	**Professional Advising** — Work involves providing expert advice, coaching, and counseling on topics such as careers, educational opportunities, and educational

Occupational Interest	Specific Interest Area
	and professional development.
2	**Social Science** — Work involves studying and researching human behavior, society, politics, and social relationships through scientific disciplines such as psychology, sociology, economics, or political science.
2	**Visual Arts** — Work involves creating original visual artwork for a variety of media and purposes using various techniques and software.
1	**Humanities** — Work involves studying and researching aspects of human history, culture, and language through disciplines such as history, philosophy, the language arts, or area/ethnic studies.
1	**Politics** — Work involves engaging in political activities to influence government policy.
1	**Protective Service** — Work involves maintaining order and protecting life and property by conducting investigations and enforcing laws and regulations to prevent or solve crimes.
1	**Sales** — Work involves selling goods or services.
1	**Social Service** — Work involves providing social services and assistance to improve the well-being and social and psychological functioning of children and adults.
0	**Agriculture** — Work involves planting, cultivating, and harvesting crops, plants, or trees, or raising farm animals. Work can also involve preparing plant and animal products for distribution to consumers, or protecting natural resources to maximize their use in farming.
0	**Animal Service** — Work involves feeding, grooming, exercising, or otherwise providing care to promote and maintain the well-being of pets and other animals in settings such as kennels, animal shelters, and zoos.
0	**Athletics** — Work involves training, practicing, or competing in athletic events, or supporting those participating in athletics through coaching, training, or officiating.
0	**Construction/Woodwork** — Work involves constructing, installing, or repairing structures and fixtures made of wood.

Occupational Interest	Specific Interest Area
0	**Culinary Art** — Work involves preparing, cooking, and presenting food in a distinctive style usually associated with a specific culture or region.
0	**Music** — Work involves conducting, composing, or playing music or singing.
0	**Nature/Outdoors** — Work involves planning, restoring, and conserving natural areas and wildlife habitats.
0	**Performing Arts** — Work involves acting as a performer in dance, comedy, or dramatic productions, choreographing of dance performances, or producing of live or recorded entertainment.
0	**Physical/Manual Labor** — Work involves manually unloading and moving freight, stock, luggage, or other materials, or performing other physical labor.
0	**Religious Activities** — Work involves conducting religious worship, leading a church or other religious group, and offering moral guidance associated with beliefs and practices of a religious faith.
0	**Transportation/Machine Operation** — Work involves driving vehicles, such as vans, trucks, trains, and buses to transport people or materials. Work can also involve operating heavy equipment, such as cranes, forklifts, bulldozers, and backhoes to move materials or earth.

Work Styles

Save Table: XLSX CSV

All 21 displayed

Impact	Work Style
100	**Attention to Detail** — A tendency to be detail-oriented, organized, and thorough in completing work.
84	**Dependability** — A tendency to be reliable, responsible, and consistent in meeting work-related obligations.
79	**Intellectual Curiosity** — A tendency to seek out and acquire new work-related knowledge and obtain a deep understanding of work-related subjects.

Impact	Work Style
70	**Achievement Orientation** — A tendency to establish and maintain personally challenging work-related goals, set high work-related standards, and exert high effort toward meeting those goals and standards.
69	**Cautiousness** — A tendency to be careful, deliberate, and risk-avoidant when making work-related decisions or doing work.
68	**Innovation** — A tendency to be inventive, to be imaginative, and to adopt new perspectives on ways to accomplish work.
63	**Integrity** — A tendency to be honest and ethical at work.
57	**Adaptability** — A tendency to be open to and comfortable with change, new experiences, or ideas at work.
55	**Perseverance** — A tendency to exhibit determination and resolve to perform or complete tasks in the face of difficult circumstances or obstacles at work.
53	**Tolerance for Ambiguity** — A tendency to be comfortable with ambiguity and uncertainty at work.
51	**Self-Confidence** — A tendency to believe in one's work-related capabilities and ability to control one's work-related outcomes.
47	**Initiative** — A tendency to be proactive and take on extra responsibilities and tasks that may fall outside of one's required work role.
44	**Cooperation** — A tendency to be pleasant, helpful, and willing to assist others at work.
36	**Stress Tolerance** — A tendency to cope and function effectively in stressful situations at work.
26	**Leadership Orientation** — A tendency to lead, take charge, offer opinions, and provide direction at work.
26	**Self-Control** — A tendency to remain calm and composed and to manage emotions effectively in response to criticism or difficult situations at work.
17	**Social Orientation** — A tendency to seek out, enjoy, and be energized by social interaction at work.
8	**Humility** — A tendency to be modest and humble when interacting with others at work.

Impact	Work Style
7	**Sincerity** — A tendency to be genuine and sincere in interactions with others at work, without concern for personal gain or self-interest.
2	**Empathy** — A tendency to show concern for others and be sensitive to others' needs and feelings at work.
1	**Optimism** — A tendency to exhibit a positive attitude and positive emotions at work, even under difficult circumstances.
